Instrumentation

Diamond Diagnostics Inc., parent company of Mission Diagnostics, is a worldwide supplier of remanufactured and new Clinical Laboratory Instrumentation and service parts. The establishment of Mission and Diamond allows distributors and end users a complete package of instrumentation, parts and consumables.

Terms and Conditions

Ordering Information

Orders may be placed between the hours of 8:00am and 5:00pm (Eastern Standard Time) Monday through Friday. Individual client needs and professional personal contact is our goal. If you are placing your first order with us, we will require your name, name of your institution, address for shipping and billing, Purchase Order number, catalog number from this product list, description, quantity, and size if applicable. Telephone calls are periodically recorded for training purposes to ensure quality of service provided.

Holidays

We observe the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas. There is also a recognized vacation shutdown posted at a later date that is not to exceed 7 working days. During these holidays, orders will ship the next available business day following the holiday or shutdown.

Order Minimum

International clients must have a minimum consumables order of \$500. U.S. and Canadian End-users including Hospitals, Private Labs and Physician Offices must have a minimum consumables order of \$50. U.S. and Canadian Distributors must have a minimum order of \$100.

Standing Orders

We highly recommend placing your business on standing order to ensure priority delivery. This will eliminate the need to place repetitive individual orders, secure pricing and specified lot codes where applicable for a fixed period of time.

Shipping

All prices are FOB factory, Pre-Pay and Add. Standard US Service from Diamond is UPS Ground Service. International Service varies by destination. Overnight or weekend delivery is available at an additional cost. Insurance, Fuel Surcharges, Security Fees, and similar handling charges will be added to the freight costs and billed to you. We will use discretion in regard to release or method of shipment based on related weather conditions and type of product. All shipping charges are on a prepaid and add basis unless other written authorizations are provided and acknowledged.

Hazardous Materials

The US Department of Transportation (DOT) and IATA designate some materials hazardous. Some Mission materials may require special labeling and handling to comply with this status. Certain products will require minimum quantity orders. Additional freight charges for handling and transporting these materials will be charged on your order. Consolidating such material with other products is prohibited. Additional freight charges are billed per FOB terms.

Payment

Payment is required in advance unless payment terms are authorized by Diamond. Payment terms and credit limits can be granted after receipt of a completed Diamond Credit Application and its full review. Terms and limits are at the sole discretion of Diamond. Payments toward open balances shall bear interest at 12% per annum until paid in full. Interest terms are subject to change.

Payments are to be mailed to:
Diamond Diagnostics Inc.,
Accounts Receivable
333 Fiske Street
Holliston, MA 01746-2048 USA

Pricing

Prices are FOB factory, in U.S. Dollars and are subject to change without notice. Discounts may apply for multiple product or standing orders. A charge is levied for processing of all international and domestic orders.

Taxes

Prices herein or quoted do not include any state, local or federal taxes where applicable. Buyer shall pay all taxes, including sales and use taxes and shall reimburse Seller promptly if Seller pays any tax for which Buyer is so obligated.

Short Shipments

All shortages must be reported within 30 days of invoice date of any item or billing discrepancies. All substantiated claims of short-shipments will be remedied by a credit memorandum and a new order placed for the short-shipped items. Any shipment discrepancy claimed after 30 days of invoice date will not be honored and credit will not be issued.

Return Goods

Return shipments of products must be prearranged with a Technical Service Representative or Sales Representative. You must obtain a Return Material Authorization (RMA) and shipping instructions from us. Returns are only allowed up to 30 days after the original shipment date of the product. Unauthorized returns will be refused and credit will not be allowed. Authorized returns must be in undamaged condition with the customer's name and address clearly indicated on the outer shipping container. Customer must prepay and absorb all transportation charges. All returned products must be packaged and labeled in accordance with all shipping regulations including those of the DOT and the US Environmental Protection Agency (EPA). Unopened Mission consumables product returned is subjected to a 25% Restocking Charge. Refrigerated product, Hazardous Material, Opened Product, Instrumentation, OEM Items and Service Parts are non-returnable and non-refundable. Warranty information is available under separate cover. OEM Items herein are marked with *.
